Experienced engineer with 8 years building scalable systems.

EXPERIENCE

Engineer

2018 – Present

Acme — SF

- Achievement number 1 with a reasonably long description of impact and scope.
- Achievement number 2 with a reasonably long description of impact and scope.
- Achievement number 3 with a reasonably long description of impact and scope.
- Achievement number 4 with a reasonably long description of impact and scope.
- Achievement number 5 with a reasonably long description of impact and scope.
- Achievement number 6 with a reasonably long description of impact and scope.
- Achievement number 7 with a reasonably long description of impact and scope.
- Achievement number 8 with a reasonably long description of impact and scope.
- Achievement number 9 with a reasonably long description of impact and scope.
- Achievement number 10 with a reasonably long description of impact and scope.
- Achievement number 11 with a reasonably long description of impact and scope.
- Achievement number 12 with a reasonably long description of impact and scope.
- Achievement number 13 with a reasonably long description of impact and scope.
- Achievement number 14 with a reasonably long description of impact and scope.
- Achievement number 15 with a reasonably long description of impact and scope.
- Achievement number 16 with a reasonably long description of impact and scope.
- Achievement number 17 with a reasonably long description of impact and scope.
- Achievement number 18 with a reasonably long description of impact and scope.
- Achievement number 19 with a reasonably long description of impact and scope.
- Achievement number 20 with a reasonably long description of impact and scope.
- Achievement number 21 with a reasonably long description of impact and scope.
- Achievement number 22 with a reasonably long description of impact and scope.
- Achievement number 23 with a reasonably long description of impact and scope.
- Achievement number 24 with a reasonably long description of impact and scope.
- Achievement number 25 with a reasonably long description of impact and scope.
- Achievement number 26 with a reasonably long description of impact and scope.
- Achievement number 27 with a reasonably long description of impact and scope.
- Achievement number 28 with a reasonably long description of impact and scope.
- Achievement number 29 with a reasonably long description of impact and scope.
- Achievement number 30 with a reasonably long description of impact and scope.
- Achievement number 31 with a reasonably long description of impact and scope.
- Achievement number 32 with a reasonably long description of impact and scope.
- Achievement number 33 with a reasonably long description of impact and scope.
- Achievement number 34 with a reasonably long description of impact and scope.
- Achievement number 35 with a reasonably long description of impact and scope.
- Achievement number 36 with a reasonably long description of impact and scope.
- Achievement number 37 with a reasonably long description of impact and scope.
- Achievement number 38 with a reasonably long description of impact and scope.
- Achievement number 39 with a reasonably long description of impact and scope.
- Achievement number 40 with a reasonably long description of impact and scope.

EDUCATION

B.S., Computer Science

2013 – 2017

State University

SKILLS

JavaScript • TypeScript • React
